# Kennedy Says U.S. Shooting For The Moon

WASHINGTON (AP)—President Kennedy said today the United States may lag behind Russia in space for the next 10 years but is bending every effort to become first to the moon.

The President at his news conference studiously avoided questions about Cuba and the speech he made Thursday saying the United States would not hesitate to act alone against communism in this hemisphere if necessary to protect its own security.

And he said he has no new information on a cease-fire in Laos.

But on the general subject of Communist tyranny he declared, "It is a matter to which we must address all our energy and all our attention."

He described this as a major problem for a decade ahead.

Kennedy said his administration would carefully consider venturing into new space projects to determine "whether a real success can be achieved or whether we are so far behind now in this particular race we are going to be second in this decade."

Kennedy said the Saturn vehicle, the Nova and Rover projects are being speeded up with additional funds and that the government will spend about \$2 billion on space next year.

But he said the Saturn would not get us to the moon and declared: "We have to consider whether there is any program now regardless of its cost which offers us hopes of being pioneers in a project."

**TENTH CONFERENCE**

Saturn is the U.S. project of building a more powerful rocket. Nova contemplates a cluster of Saturn rockets. Rover is a project to build a nuclear rocket.

This was the President's 10th news conference and 402 newsmen turned out. It was a closed meeting—taped for later broadcast or telecast.

The President announced at the outset that he would stand on his speech Thursday regarding Cuba and would accept no questions on that explosive subject.

He said the government was making every effort on behalf of individuals who may be in danger because of the tense situation in Cuba.

# Firing Will Cease In Laos On April 25

MOSCOW (AP)—Neutralist Prince Souvanna Phouma of Laos said today he will reach Laos April 25 or 26, "which will coincide with the start of the cease-fire" in his country.

It was the first time a date had been put on a possible cease-fire in embattled Laos.

An appeal for the two warring factions in the Southeast Asian kingdom to lay down their arms is expected to be issued by Britain and the Soviet Union within 48 hours.

Soviet Foreign Minister Andrei A. Gromyko earlier told diplomats East and West had reached a compromise on the sequence of cease-fire and peace conference which made it possible to publish a truce appeal.

British Ambassador Sir Frank Roberts had been saying he expected agreement "very soon."

**AGREEMENT "NEAR"**

Roberts talked with Gromyko at a Kremlin party Thursday night and told newsmen that agreement "seems very near."

The 300 American officers training Boun Oum's army meanwhile doffed their civilian clothes and put on uniforms in preparation for advisory duty in the front lines in Laos. The U. S. government ordered such open military participation—rather than the previous ostensible civilian training role—in hopes that the presence of Americans in the combat zone would spur the flagging royal army to fight with determination.

The convention will be held October 19, but no details were listed in the report as to the convention town.

Past State President A. Russell Auerbach of Lebanon's Liberty Fire Co. No. 3, the host unit, welcomed the Southeastern firemen to Lebanon. The response was made by Max S. Reider, Steelton.

# Cuba Says Invaders Were Trained In Guatemala By Yanks; Charge Is Denied

By THE ASSOCIATED PRESS

The Cuban radio charged today the rebel invaders—beaten on Cuba's beaches—were trained by U. S. officers in Guatemala. The broadcast said the attackers were ferried to the beachhead in "North American military transports" escorted by "Yankee destroyers."

The broadcast said the story was told by prisoners captured on the beach. Among them is the son of Dr. Jose Miro Cardona, head of the rebel movement in the United States, Havana asserted.

Exile leaders in New York said a son of Miro Cardona was in the landing.

**REDS HELP CUBA**

The insurgent "army of liberation" answered this charge of U. S. intervention by declaring that the Soviet Union, Red China and Communist Czechoslovakia were actively aiding Fidel Castro's forces.

Denying claims by the Cuban government that not a single invader made it into the interior, the insurgent broadcast said the "army of liberation" is firmly entrenched in the Escambray

# CUMBERLAND MEETING HELD ABOUT ZONING

The Cumberland Twp. Planning Commission on Thursday evening held at the courthouse its first public meeting on the zoning ordinance it will present to the township supervisors at a later date.

Comments and applause indicated some of the 120 present favored the proposed ordinance as it is. A number of others apparently favor zoning but urged changes in the proposed ordinance. A portion of the audience seemed opposed to any type of zoning. A proposed vote of opinion was refused on the grounds that "only about 100 are here. The township has 2,900 residents."

A check on the attendance showed about 100 were residents of the township, about 20 were spectators, including representatives of other townships and Gettysburg, apparently present because zoning will be a question in the future in their areas.

**3-HOUR SESSION**

The three-hour and 16-minute meeting proceeded quietly for the first two hours. Attorney John A. MacPhail at the request of Col. Thomas H. Nixon, chairman of the planning commission, read the 48-page proposed ordinance, giving some explanations of the provisions as he read them. At the conclusion of the 85-minute reading, a recess was held during which those present were asked to write questions pertaining to the ordinance.

Col. Nixon, Attorney MacPhail and Malcolm L. Webb, representing the Fels Institute of the University of Pennsylvania, which assisted with the planning for the township, answered the questions, then asked for comments.

In the opening remarks, Nixon, MacPhail and Webb said the meeting Thursday evening and the one next Thursday night at the same hour at the Barlow fire hall are being held to determine opinion of the people of the township. When all comments are received, appropriate changes will be made in the proposed ordinance and it will be presented to the township supervisors. If the supervisors feel the proposal has merit, they will hold a meeting for another sounding of public opinion and then take action to accept or reject the final ordinance.

**HEAR OBJECTIONS**

Webb said: "As a result of the meetings whole sections of the ordinance will probably be ripped out and replaced."

James Hays, a member of the industrial development committee of the Gettysburg Chamber of Commerce and a resident and businessman of Cumberland Twp., opposed the sites assigned for manufacturing by the proposed ordinance.

He said: "Cumberland will not get any industry unless it is zoned. New industry demands that for its own protection. But the sites assigned are not the ones that would be particularly attractive."

Members are reminded to bring a wrapped "white elephant" package for the sale. The Biglerville Garden Club will serve as hostesses.

# REPORT 1,000 ASHORE

How many invaders may have made it into the mountains to join up with anti-Castro guerrillas is a matter of conjecture. Cuban exile sources in Miami, Fla., say about 1,000 fighters went ashore. Roundabout Communist reports put total prisoners at 500.

In support of its claim that the invasion was the work of "Yankee mercenaries," Havana radio said prisoners told of being flown from the United States to a camp in Guatemala. They were quoted as saying they were trained there by 25 instructors from "the Yankee army."

The Havana broadcast said the prisoners reported they were flown to Puerto Cabezas in Nicaragua where they boarded the "North American military transport."

The new committee will be charged with making a specialized study of the area of technical education and retraining of the employed, which the council said were two of the most pressing problems facing the state.

# Eichmann Says Strong Jews Were Marked For Death But Denies He Originated Plan

By RELMAN MORIN

JERUSALEM (AP)—Adolf Eichmann told Israeli questioners that those Jews degraded as "the germ cell of Jewish rehabilitation" were to be specially marked for death, his tape-recorded testimony disclosed in court today.

But the former SS officer said that this was not his idea, and he repeatedly denied that he had anything to do with the executions during World War II.

Eichmann, on trial in Jerusalem for "crimes against the Jewish people and crimes against humanity" during the war, was interrogated for more than eight months before the hearings began. His words were recorded on tape and the tapes are being played in court now.

**KILL STRONG JEWS**

"The germ of rehabilitation," it developed, meant those Jews strong enough to survive the ordeal of the slave labor camps and potentially capable of pro-

# Town's Farewell In 1861 To 'Independent Blues' To Be Re-enacted Saturday

Adams County Saturday afternoon will recreate the scene in Gettysburg of a century ago when the county's first soldiers left for the Civil War.

Starting at 1 o'clock Saturday afternoon, and continuing for the next two hours, approximately 400 persons in costumes of 100 years ago will re-enact in Lincoln Square, at the Court House, at the Western Maryland Railroad depot scenes that occurred as Adams County a century ago was stirred to patriotic fervor by the firing on Fort Sumter.

Approximately 130 members of the Sons of Veterans Reserve from throughout Pennsylvania and about 15 members of the Fairfield Amvets will comprise "The Independent Blues"—the local militia company which left here April 22, 1861, to become Company E, 2nd Pennsylvania Regiment—first troops to leave from the county for the war.

**STARTS AT 1 P.M.**

Members of the Honor Guard of the Albert J. Lentz post of the American Legion and of the Firing Squad of the Veterans of Foreign Wars will serve as guards along the sidewalks to keep spectators from crowding into the streets and impeding the flow of the spectacle from one scene to the other.

Between 11 and 11:30 o'clock Saturday morning participants in the pageant will gather at the pressroom in the Hotel Gettysburg to change into costume and be made up for their appearance in the program. They will then move to various portions of the town to assemble at 1 o'clock in Lincoln Square as if they were people of a century ago going to the events that are to follow.

The Gettysburg College Band will represent the town band of 1861 and its music will mark the start at 1 o'clock of the pageant in the square.

The flag of 1861 will be hoisted on the flagpole in center square with speeches by owo attorneys of the day as the start of the pageant. A hay wagon equipped with a porch bench of a 100 years ago will serve as platform for the "speakers." Loud speakers placed at the Hotel Gettysburg will carry the words of the speeches while the speakers in costume pantomime the presentation.

Following the flag raising, the band will go west on Chambersburg St. to bring up the Independent Blues for their "swearing in ceremony" on the square.

The procession of soldiers and "citizens" will then move to the courthouse for the raising of a flag there and a "talk by Judge Fisher"—who was the presiding judge a century ago. At that time more than 20 horsemen representing Capt. McCurdy's Cavalry, a home guard unit of 1861, will appear, as will the teen-age members of the "National Cadets," also formed here because of the war.

**TO RE-ROUTE TRAFFIC**

Those in costume will then proceed on Baltimore St. to the square and then east on York St. to St. James Lutheran Church for the re-enactment of the service there for the Blues a century ago.

Because traffic will be routed around the center of the town for the two hours of the pageant, 1 to 3 o'clock, Stratton St. will be one of the main arteries for vehicular traffic during the period. To prevent blocking traffic for a lengthy period, only those in costume will go to the church. The band will remain on Lincoln Square during the period of the church service and will play a concert. Captain McCurdy's Cavalry will maneuver on the square during that period as they did a century ago. Company K will be moving the cannon on the square and Carlisle St. to the railroad depot so the spectators will have something

(Continued On Page 2)

# To Restrict Traffic Flow

There will be no parking or traffic in the central part of the town Saturday afternoon during the period of the pageant, Chief of Police Jack Bartlett said today.

Meter bags banning parking will be placed about 10 o'clock Saturday morning in the first blocks radiating from the square and in part of the second block of Baltimore St. and at a few other spots where parking will have to be eliminated to permit easier flow of traffic during the detour period around the center of the town.

Traffic will move generally one block from the square in all directions on detours set up for the period of the pageant which starts at 1 o'clock.

To permit use of that portion of the alleys radiating into the first blocks of York, Baltimore, Chambersburg and Carlisle Sts. and at the same time keep traffic from entering those streets during the pageant period, barricades will be placed near the ends of the alleys at the streets from which traffic is banned. As an example, the chief noted, traffic could enter the alley south of Chambersburg St. between Baltimore and S. Washington from S. Washington St. and use the alley up to and including the parking lot at the rear of Zerling's store—but a blockade will prevent entering Baltimore St. Similar setups will be placed on the other alleys.

**AWARDED DIVORCE**

Joann Hartlaub, Abbottstown R. 1, has been awarded a divorce in York from Bernard J. Hartlaub, Hanover R. 2.

# College Receives \$500 Gulf Grant

The Gulf Oil Corporation, Pittsburgh, has made an unrestricted grant of \$500 to Gettysburg College selected by a Gulf Merit Scholarship winner, Miss Jean A. MacCord, of Valencia, Pa.

Miss MacCord, daughter of Mr. and Mrs. George P. MacCord, was one of the 1960 winners and is now enrolled as a freshman at Gettysburg College.

Winners are chosen on the basis of scholastic aptitude, leadership and good citizenship as determined by testing and other procedures established and administered by the National Merit Scholarship Corporation for the Gulf Oil Corp. The amount of each award is based on the financial need of the winner. Students eligible for this scholarship are children of Gulf employes, or annuitants, living or deceased.

This was brought up during the Wannsee conference in Berlin January 20, 1942, when Reinhard Hydrich, one of Eichmann's immediate supervisors, told those present that Adolf Hitler had ordered "the final solution of the Jewish question"—and that this meant extermination.

Capt. Avner Less of the Israeli police questioned Eichmann about the conference and this exchange was recorded:

Less: "What does this mean here: 'These Jews must be treated appropriately?'"

Eichmann: "That is—that is a—this is from (security chief Heinrich) Himmler. 'Natural selection'—'choice made by nature'—that was one of his favorite terms. He liked to use these words."

Less: "Yes, but what does it mean?"

## BUDGET GIVEN TENTATIVE OK

A budget for 1961-62 of \$239,823 was tentatively approved at a meeting of the Fairfield Joint School Board Monday evening. This year's budget is approximately \$8,000 higher due to an increase in teachers' salaries and the hiring of an additional teacher.

Four teachers were elected by the board. They are: James W. Hanawalt, McVeytown, a recent graduate of Shippensburg State College, for commercial studies to succeed Miss Marion D. Drumheller; Richard L. Shellman, Hanover, who will graduate from Shippensburg State College this spring, for science; to succeed Thomas W. Jackson; Thomas A. Brown, Dodge City, Kan., a graduate of Shippensburg, for art teaching to succeed Mrs. Lilene E. Hann, who resigned in March (Brown has taught in the Dodge City schools for the last two years); Mrs. Mabert S. Williams, Gettysburg R. 3, a graduate of West Chester State College, for music teachers to succeed Edward B. Cashmore. She formerly taught at Elliptic City, Md.

The Fairfield team of the South Penn baseball league was granted permission to rent the athletic field during the playing season provided that the club maintain the grounds.

Bills totaling \$18,079.59 were approved for payment and redistribution of funds was authorized to conform to the budget.

## "OPEN HOUSE" AT ST. JOSEPH

An "Open House" for prospective college students will be held at Saint Joseph College, Emmitsburg, Saturday. High School students and their parents from many sections of the country will attend the program planned to introduce the prospective student to the campus and curriculum of the college.

Upperclassmen will act as campus guides and hostesses. In addition to the tours, the program will include interviews with faculty members, admission college cafeteria, and an informal social in the Student Center. The main feature of the open house will be an assembly program in the college auditorium to acquaint the guests with the educational, social, and extra-curricular opportunities offered by Saint Joseph College.

Sister Hilda Gleason, president of the college, will welcome the guests and participate in the panel presentation. Other members of the panel will be Robert J. Higgins, of Malba, L. I. N. Y., father of students Alanna and Patricia Higgins; Mrs. Edward A. Flanagan, an alumna from Baltimore, and a Saint Joseph College senior, Miss Carol Dorr, of Silver Spring, Md. Miss Helen Collins, a junior from Silver Spring, is chairman of the activities.

High school students who have not previously informed the college of their intention to participate in the "Open House" are welcome, although the luncheon will not be available to late registrants.

## Opposes Radar Bill In Assembly

Assemblyman Francis Worley was one of 79 members of the House who voted against the radar bill Thursday and was the first to take the floor to speak against it in the four-hour debate that preceded passage.

He said operation of the bill would be an "injustice to the people" of the state, pointed out that a New York firm is selling radar detectors that could be used by the "real speeders," that tin foil in a hubcap will disturb the radar readings and quoted a Navy radar technician about the inaccuracies of radar devices. He urged a 20 per cent tolerance for error. The bill as passed by the House allowed a five-mile-an-hour tolerance.

## CUMBERLAND

(Continued From Page 1)

The major section assigned is between two airports. There are other sections that would be much more attractive to new industry.

Col. Nixon explained the planning commission had chosen the proposed manufacturing area along the Lincoln Highway west of here because of nearness of railroad and highway facilities and had not thought of the airplane problem. He indicated the commission will consider a change and asked Hay to meet with his group to determine better locations for manufacturing.

## MEMBERS DISAGREE

Henry J. Irvin, president of Penn-Adams Advertising, said the proposed ordinance would wipe out outdoor advertising. A re-reading of the signs portion of the ordinance showed that the wording would pertain only to signs in connection with businesses and other establishments in the area and did not specifically permit general outdoor advertising signs.

Col. Nixon indicated the planning commission will consider putting in sections which will permit outdoor advertising signs.

Fred Green, a member of the Cumberland Twp. Planning Commission, said that he had "broken off" with the remainder of the commission over the assignment of the entire southern portion of the township for agricultural purposes. He and Howard Waybright said there are sections of the southern end of the township that are "absolutely not suited for agriculture and should be used for something else."

The discussion between Green and Webb, Nixon and MacPhail contained so many references to events which were described as occurring at a planning commission meeting, for which insufficient background details were given, that it was not clear to reporters whether change in conformity with Green's suggestions will be made or not prior to next Thursday's meeting.

## "LOOKS LIKE RUSSIANS"

Dr. Carroll M. Voss, operator of a local helicopter service, protested to exclusion of heliports from the highway commercial area. On his explanation of need to be near roads, Nixon indicated that probably some roadside heliport areas will be permitted in the revised proposed ordinance.

There were a number who expressed protests to any zoning at all. One person commented "We don't need no ordinance. Looks like we got Russians over here."

A Mr. Bucher, first name not given, said: "I didn't come here for four or five hours of listening to reading. I'd like to know if we have anything to say in this." He held, "I've lived in the township for 49 years and I like it. Why should someone come back after 40 years and try to run the township? If he or anybody else don't like it, let 'em move out."

## DEFENDS COMMISSION

Bucher had been applauded when he said the planning commission was composed of "people who came from the Army and move here from Maryland and Ohio," and said the commission members on an average "hadn't lived in the township for five years." Attorney MacPhail said, "In defense of the commission I see a number of people here who were asked to serve on the planning commission and wouldn't and people asked to serve on the advisory committee and wouldn't."

Green had asked why, with a development ordinance already passed, a zoning ordinance was needed. He was answered that the development ordinance pertained only to developments and did not control any other construction.

Webb, in his comments, had said: "The best zoning ordinance is one that had the least restrictions" and held the proposed ordinance had few "real restrictions" in it.

## Cuba Says

(Continued From Page 1)

Guatemala and Nicaragua have denied officially they had anything to do with the operation.

Havana said all captured weapons were "North American arms" and including tanks, machine guns, rifles, antitank guns, rocket launchers, flame throwers and trucks.

The rebel invaders earlier had charged they were met on the beaches by Soviet-made tanks and were attacked by Soviet-made MIG jets.

Havana radio asserted Prime Minister Fidel Castro personally led the fight against the invaders. His absence from Cuban airwaves has led to speculation he may have been incapacitated or shunted aside by the Communists.

## Disappearing Lunch Problem Is Solved

ALBUQUERQUE, N. M. (AP)—For the past couple of weeks two larger classmates of Gary Brown, ninth grade student at Monroe Junior High School, had relieved him of the responsibility of eating his own lunch. It had been disappearing from his lunch bag.

But the recent absence of his lunch didn't cause Gary to bat an eyelash, but the effect elsewhere was discernible: two husky students wound up in the school nurse's room with a temporary gastrointestinal infirmity.

Gary had altered the menu for the day; his sandwich spread consisted of varnish and turpentine.

## Eichmann

(Continued From Page 1)

Eichmann "Killed, killed, certainly."

Heydrich was quoted as telling the group at Wannsee:

"The remnant (of Jews) able finally to survive all this must be given treatment accordingly, because these people, representing a natural selection, are to be regarded as the germ cell of a Jewish rehabilitation should they be allowed to go free."

### DID NOT SPEAK

Eichmann said he attended this conference. But he represented himself as little more than a glorified secretary. He said he was ordered to issue the invitations to "higher officials." And he said he did not even speak at the conference.

Less asked then, after drawing out the meaning of "appropriate treatment," whether Eichmann's department was not among those to be advised about the order.

Quoting from a document, Less said, "All foreign office officials concerned should contact the competent department head of the security police. Does this refer to you?"

Eichmann, who has been disclaiming responsibility for the Nazi acts wherever possible conceded:

"That would refer to me. Yes, that would have been me."

Less pointed out during the questioning that the Nazi plan envisioned the eventual extermination of all Jews. He used the words "your plan" in this passage.

Gulch R.R.," an authentic coal-burning, smoke-spouting, steam-spewing railroad. Constructed in the 24" gauge size, it will pull its tender, two open cars and two coaches over a scenic route which will overlook the park's new Turnpike Ride, placed into operation for the first time last year. Plans for the new train also include a 250-foot trestle, station, water tower and coal bunker. "Dry Gulch R.R." will be the park's third railroad. The original Hershey Park Railroad,

an electrically-operated third-rail vehicle, will begin its 52nd season of continuous operation this year. The kiddies' miniature train, installed in kiddieland in 1952, is a gasoline-drive amusement.

"Dry Gulch R.R." brings to 13 the number of Hershey Park's major amusement devices. In addition there are nine low-priced rides especially for the kiddies. Two of these are now under construction, replacing a pair of kiddies amusements which were recently taken out of service. The 9 p.m.

park also operates two miniature golf courses, a driving range, two fun houses, a penny arcade, kiddies playground, numerous skill games, free zoo, ballroom and swimming pools. All will be in operation April 23, with the exception of the ballroom and pools which will open May 13 and May 27, respectively.

Free opening day concerts in the park bandshell will be presented by Bob Harry and his orchestra from 2 to 4 and 7 to 9 p.m.

FIFTEEN YEARS AGO

**Crowds Attend Easter Sunday Services Here:** Easter Sunday church services attracted thousands throughout the county from the throngs that gathered for dawn services in a half dozen communities to morning, afternoon, and evening services conducted in town and rural churches throughout the county.

Confirmation of new members and communion services featured the services held in many churches while nearly all made special Easter music prominent in their orders of worship. From the pulpits was retold the timeless Easter story of the Resurrection.

Attendance records that likely will not be exceeded throughout the year were set in most churches.

Miss Andrew, Charles Baker Wed Saturday: Miss Gertrude E. Andrew, daughter of Mr. and Mrs. Clyde Andrew, of near Cashtown, and Charles R. Baker, son of Mr. and Mrs. C. Russell Baker R. D., were united in marriage in a candlelight ceremony Saturday evening at 7:45 o'clock in the Cashtown Reformed church. The double-ring ceremony was performed by the bride's pastor, the Rev. John H. Ehrhart.

The church was decorated with ferns, pink snapdragons, white carnations and candelabra.

**Easter Travel Tops Pre-War Period '39-'41:** Traffic so far this year has been approximately twice that of 1939, 1940 and 1941, the three years prior to the war period, the National Park office revealed today.

A comparison of the tourist travel figures kept by the National cemetery superintendents over the past years revealed that visitations during the past month were up to ten times the number during the same periods of 1942, 43, 44, and 45.

**Gen. Marshall Demands Proof** Yankee Planes Stranded Reds: General Marshall formally demanded today that the Chinese Communists either publicly retract or furnish details of their unsupported charge that American planes attacked Communist forces in Manchuria and that one was shot down.

Marshall, special American envoy seeking to establish peace between the warring Chinese factions, held an inconclusive three-hour meeting with Gen. Chou En Lai, chief Communist negotiator, and a separate session with Generalissimo Chiang Kai-shek.

**Chaplain Hunt Returns Here:** Chaplain Robert M. Hunt, Lt. (jg), pastor of the Gettysburg Presbyterian church who has been on military leave as a navy chaplain since January, 1945, returned to Gettysburg Sunday evening on terminal leave which will expire May 10.

The Rev. Mr. Hunt, who was assigned to the U. S. Marine Corps after completing his indoctrination course last spring, served until early last fall with a Marine Night Fighter training squadron at Eagle Mountain Lake, near Fort Worth, Texas.

Then he was assigned to duty aboard the U.S.S. Sador, a light aircraft carrier which was sent to the Pacific and operated during the winter months out of Honolulu. The ship returned several weeks ago to the west coast and last week anchored off Norfolk after a trip through the Panama Canal. The Sador will return to the Pacific for the atomic bomb tests. There has been no announcement of the date when the local pastor will resume his duties here.

**Churches Adopt Daylight Time:** 1 Starts May 5: The churches of Gettysburg will operate on Daylight Savings time beginning Sunday, April 22, a survey revealed today.

## Today's Talk

**TOO MUCH**  
The epitaph on the tomb of tragedy is—too much!

The ordinary physician could easily diagnose nearly every one of his cases by the simple phrase—too much.

People worship too long before superlatives. Too much applause, too much attention, too much pleasure, too much money, too many cocktail parties.

There can be too much of anything.

Splendid living lies in a balanced plan. Play is essential to sound work. Too much business man kills the good father, and too much house cleaning stops the tide of love in a home.

There is too much talk of war—"cold" and "hot."

It is possible to read too much, to think too much, to work too much, to play too much. Excess is the cruellest sneak thief in the world.

Trust the man with a healthy hobby. Select for your friend that one who does not think too much of himself.

Before of the person who talks too much!

They say you cannot have too much of "a good thing." But you can. Too much degrades and destroys. It takes away all appreciation.

Even a hero's life is shrouded with obscurity. He whom we acclaim loudly today tomorrow may be passed unnoticed on the street.

Most of the great of the earth are remembered by but a few acts. Try not to do too much. Try not to be too much.

There is at least one reservation, however. You cannot give too much of what you are—or love too much!

Tomorrow Mr. Adams will talk on the subject: "The Guiding Star."

## Just Folks

**IF BOASTERS MADE GOOD**

If the boasters were only as clever

And bright as they tell us they are,

If 'twere true, as they say, that they never

Fall down when the journey is far;

If they did all the things that they claim to

Have done when we weren't there to see,

And climbed every hill that they came to,

What wonders they really would be!

If the boasters made good on their bragging

And really performed as they say,

Then their backs, I am sure, should be sagging

With prizes they carry away.

If their books were as great as they tell us,

Their sales were as big and as fine,

Then nobody else here would sell us,

And nobody else write a line.

If the boasters were half as important

As they think and claim that they are,

If they never did things that they oughtn't,

And each one were really a star;

If the money they say they are making

Were really the long green, and we

Could see the big orders they're taking,

What wonders they really would be!

**Ready In Laos**

VIENTIANE, Laos (AP)—Brig. Gen. Andrew Jackson Boyle, commander of the new U. S. Military Assistance and Advisory Group here, said Thursday his men will go wherever necessary—including to frontline action—to advise the Laotian army in its critical fight with pro-Communist rebels.

The changeover from the ostensibly civilian-run programs evaluation office to a full-fledged military advisory group came today with little more fanfare than Laotian appearing in a crisp khaki uniform instead of his usual sport shirt.

Only a few of the 300-man group turned up wearing uniforms, which were airlifted in. The rest had their uniforms at tailors for alterations.

"I forgot how to salute," one private said.

Gen. Boyle, a youthful looking 49-year-old West Point graduate from Culpeper, Va., says he hopes the impact of the changeover will be more than uniform deep, and that sight of Americans in uniform will reassure uneasy frontline troops of the Laos army.

## Send Spray Data For Apples, Peaches

Pink and bloom spray information on the apple-peach spray schedule has been sent to county farmers by Adams County Farm Agent Frank S. Zettle. He said these sprays are very important in the control of brown rot blossom blight. Control of blossom blight eliminates twig cranks which are the chief source of brown rot spores as peaches ripen.

Zettle wrote that removal of mummies from the trees and a light cultivation to disturb those on the ground will reduce the spore load and make control by sprays more effective. Where castrating has been a problem, farmers should add DDT with the fungicide and complete just before the blossoms open.

Where DDT is not added, he said, farmers should start as the first blossoms open. On either program, repeat every 4-5 days during bloom with fungicide. Do not add insecticide during bloom, he warned.

Detailed information on the sprays is found on page 20 of the apple-peach spray schedule.

## Eight Methodist Pastors Are Killed

NEW YORK (AP)—Eight Methodist pastors have been reported killed in the month-old civil war in the Portuguese African territory of Angola, the Methodist Board of Missions said Thursday.

The mission said the pastors, all Africans, "were killed by either Portuguese civilians or military forces after hurried trials."

At least half the denomination's 150 African pastors in Angola "are reported either in prison, have fled with their wives, or have been killed," the board said.

"Reports say that many Methodist churches and schools have been completely destroyed or badly damaged," the board said.

**FHA ELECTS**

Officers were elected by the Biglerville High School Senior Future Homemakers of America Wednesday at a meeting in the school.

The new officers are Linda E. Taylor, president; Lana Palmer, vice president; Joan Carey, secretary; Helen Sheaffer, treasurer; Margaret Alexander, historian; Bonnie Funt, parliamentarian, and Caroline Sabo, reporter.

The retiring president, Jean Sheaffer, announced the new officers will be installed May 2 at a program at which the mothers of the officers and members will be special guests.

She also announced that a dinner will be served by the cafeteria staff to the Future Homemakers of America and the members of the Future Farmers of America May 9. The committee from the FHA and FFA in charge of the program includes Roberta Clouse, Ronnie Black and Donna Warrenfeltz.

President Sheaffer also announced that representatives of the Pen-Dell Beautification School of Harrisburg will present a demonstration at the school April 25. One of the junior models from the modeling school will speak on posture and proper makeup and grooming for school and work. A hair stylist will give a demonstration on hair styling and care.

## Compulsory Auto Insurance Discussed

Thomas Dolly, Fairfield R. 1, led a discussion of compulsory auto insurance at the meeting of the Carroll Tract Advisory Council Wednesday evening at the home of Mr. and Mrs. Calvin Bream, Gettysburg R. 3.

Mr. Dolly noted that Massachusetts, New York and North Carolina already have compulsory auto insurance and auto insurance costs there have climbed steadily since its inauguration. He said the farmers there have lost their preferential status because all persons pay an acreage premium.

He said that with Pennsylvania's financial responsibility law and with the opportunity to insure against the uninsured driver, the people of this state are better off without the "extra cost and inefficiency of compulsory insurance."

Even with insurance by law, non-resident drivers, hit and run and other law violators will have to be reckoned with.

The next meeting will be held at the home of Mr. and Mrs. John Diehl, Fairfield R. 1, May 17 at 8 p.m., when liberalizing social security will be discussed.

Eleven members of the University of Denver hockey team come from Saskatchewan.

## INSTITUTE IS HELD BY WCTU

The Adams County Women's Temperance Union held an institute in the Biglerville EUB Church on Wednesday afternoon and evening on the topic "Highways to Total Abstinence Through Instruction." Mrs. Ira Coulson was in charge.

The Rev. Laverne E. Rohrbaugh, host pastor, led the singing and conducted devotions for the afternoon program. Miss Frances I. Miller, Harrisburg, state spiritual life director for the WCTU, was the speaker. She urged a desire for deeper spiritual living. A question period followed. Box lunches were opened at 5 p.m. and hot coffee was served.

The evening session at 7 o'clock was led by Mrs. Paul L. Reaser of Gettysburg with music, singing and devotion. A playlet "No Date for Tommy" was given by Rosalyn, Dwight and Anna Beth Fadenrecht. Joyce Sowers gave a vocal solo accompanied by Martha Hikes. A quartet from the Fadenrecht family presented instrumental music.

John Stoner gave his original oration "For Sale—Disease" with which he has won silver and gold medals and which he will use in state competition. The program concluded with a filmstrip "The Grandview Story."

## Errors Costly As Warriors Bow At Waynesboro 6-5; Hanover Here On Monday

Seven miscues were too much for the Gettysburg High School baseball team to overcome as the Warriors lost a 6-5 eight-inning contest at Waynesboro in a South Penn League game Thursday afternoon.

Lynn Zody, who relieved started Roy Royster during the Warriors' five-run uprising in the fourth, turned in a brilliant relief performance in fanning nine without yielding a hit. Tommy Duane hurled the route for Gettysburg and deserved a better fate.

Waynesboro jumped out to a 4-0 lead in the first inning on a walk to Harry Sulanke, singles by Don Eakle and Orville Cronauer, a walk to Dave Hovis and a pair of outs.

Coach Don Young's outfit took the lead with its rally in the fourth. Mark Eckert was safe on an error. Greg Maitland doubled and Tony Claybaugh walked. After Ken Hull fanned, Ken Chapman, batting for Paul Plank, walked. John Longenecker was a strike-out victim but Duane walked and Eddie Gastley and Terry Hise followed with singles to produce the runs.

Waynesboro knotted the count in the fifth on two errors and a hit batsman.

The winning run came in the last of the extra inning with none out. Gary King was hit by a pitched ball. Gordie Bateman was safe on an error and the bases were loaded when John Lower, batting for Zody, bunted safely. Sulanke then grounded to third base but an error allowed all hands to be safe. King racing over with the winning run.

The Warriors, 1-2 overall, will meet Hanover here Monday afternoon in another league game.

## BRAVES' RALLY BEATS PHILS; PIRATES LOSE

By JOE REICHLER  
Associated Press Sports Writer

Charlie Dressen has a tendency to pop off but even his detractors admit he usually knows what he's talking about.

The outspoken Milwaukee manager has maintained all his Braves need to win the pennant is a strong bullpen. He blames last year's failure to win the flag on the flop of relief pitcher Don McMahon.

Dressen's claim received strong support Thursday night when the Braves overcame a 6-1 deficit with five runs in the ninth inning and one in the 11th to nip the Philadelphia Phillies 7-6.

**PICHE GOT VICTORY**  
After starter Lew Burdette was rocked for 10 hits in 4-2-3 innings, the Phillies got just six hits. Ron Piche picked up the victory.

St. Louis and San Francisco climbed into a three-way tie with Pittsburgh for second place, one half game behind the National League leading Cincinnati Reds.

The Cards thumped the Los Angeles Dodgers 11-2 and the Giants whipped the Reds 2-1. Chicago's Cubs shut out the Pirates 3-0.

Pinch hitter Mel Roach's three-run homer and Frank Bolling's two-run double produced the tying rally for the Braves in the ninth. Two innings later, Roy McMillan, hit by a pitched ball by Johnny Buzhardt, scored the winning run on a single by reserve catcher Charlie Lau.

**HOBBIE HAS SHUTOUT**  
Right hander Glen Hobbie won his first game of the season for the Cubs with a six-hit shutout over the Pirates. He struck out seven and walked one.

Mike McCormick won a south-paw hurling duel from Jim O'toole permitting only four hits for his second Giant victory. Until he gave up a run in the ninth, he had hurled 17 straight scoreless innings.

The Cards pounded Dodger starter Stan Williams and his inept relievers for 17 hits including a pair of home runs by Daryl Spencer and another by Ken Boyer.

St. Louis second baseman Julian Javier had four hits. Curt Simmons, with the help of Bobby Miller, won his first game of the season.

## Al Singer Dies Of Heart Attack

NEW YORK (AP)—Al Singer, one of the colorful figures of a boxing era that produced Jack Sharkey, Primo Carnera, Kid Chocolate, Young Stribling, Jimmy McLarnin, Tony Canzoneri and Maxie Rosenbloom, is dead at 51.

Singer, listed in the boxing records books as being two years older, died of a heart attack Thursday. He had been a salesman for the past four years.

Singer held the world lightweight championship for three months and 28 days in 1930—the shortest tenure ever for a lightweight champion. He won it by knocking out Sammy Mandell in the first round, July 17, 1930. He lost it to Canzoneri Nov. 14, also on a first round knockout. He was barely 21 when he lost the title.

## KILLED BY AUTO

BUTLER, Pa. (AP)—Joseph McPaul, 4, of West Sunbury R. 1, was killed by an auto Thursday on Route 308 in front of his home about six miles north of Butler.

State police said the driver, Robert Lynch, 34, of Butler, swerved his auto into an embankment in a vain attempt to avoid the child. Lynch escaped injury.

## YANKEES TAKE 4TH IN ROW AS MANTLE STARS

By ED WILKS  
Associated Press Sports Writer

The New York Yankees, led by Mickey Mantle, swept a double-header from the Los Angeles Angels 7-5 and 4-2 Thursday and surged into a second place tie with Detroit, a half game behind the American League leading Minnesota Twins.

The victories were the third and fourth in succession for the defending champions after they had lost their season's opener to the Twins. The Tigers also improved their record to four victories in five games, pounding out an 11-4 decision over the Cleveland Indians.

Early Wynn won his first game of the season and the 285th of his career as the Chicago White Sox defeated the Washington Senators 6-1. The other AL clubs were not scheduled.

## Palmer Not Worried Over Master's Loss

HOUSTON, Tex. (AP) — Arnold Palmer does not think his famous double bogey that caused him to lose his Masters title to Gary Player will hurt him in the future. "That just happens," Palmer said today as he started the second round of the \$40,000 Houston golf classic.

Palmer shot a 68 Thursday in the first round of the Classic. Australia's Peter Thomson took the first round lead with a 5-under par 65 and Masters titlist Gary Player carded a 72.

Palmer said a golfer must take such things philosophically. "You have to expect those things," he said. "I don't think I will hurt my game in other tournaments because what happened in Augusta is behind me now and I have to think of the future. Now I'm trying to work on my game and get a few tournaments under my belt. That will help me more than anything else."

Palmer won more than \$75,000 last year. Player now leads him in 1961 earnings, \$45,217.50 to \$34,042.83.

## BEAU PRINCE AILING; MAY MISS DERBY

NEW YORK (AP) — Eddie Arcaro expects to find out Saturday whether he'll be astride a horse at Churchill Downs May 6 in the 87th running of the Kentucky Derby.

The veteran jockey originally was all set to bid for his sixth Derby victory with Calumet Farm's Beau Prince. But the Calumet colt is ailing and may not be able to make it although trainer Jimmy Jones has not given up hope entirely.

When Beau Prince became a doubtful Derby starter, Arcaro lost no time in hopping on to Ogdan Phipps' Hitting Away, trained by 84-year-old Sunny Jim Fitzsimmons. That is where Saturday comes in.

# Analyst Says Invasion Of Cuba May Dethrone Castro

EDITOR'S NOTE — News analyst William L. Ryan, widely traveled specialist in Communist affairs, was in Cuba during Fidel Castro's rise to power and a number of times thereafter.

By WILLIAM L. RYAN  
Associated Press News Analyst  
MIAMI, Fla. (AP)—What the Havana radio proclaimed Thursday as a triumph for the Castro regime over its enemies may yet turn out to be the beginning of its downfall.

There were some things wrong with the Havana proclamation. First, the voice of the "maximum leader" still was curiously missing.

Second, it conceded that anti-Castro guerrillas had dispersed into hiding. The anti-Castro revolutionary council claims they have joined up with holdout rebels in the Escambray Mountains, and if so, they are beginning a resistance oddly similar to the one which brought the 26th of July Movement to power after a long hit-and-run struggle.

Since the victory of Fidel Castro's 26th of July Movement on New Year's Day, 1959, there has been no pronouncement as important to the regime as the one Thursday morning.

**CASTRO IS MISSED**

In the past, Castro himself never missed an opportunity to make an announcement of major importance. Invariably he has taken to radio and television and spoke for four or five hours at a stretch on matters far less critical than the business before the regime today.

What has happened to him? Is he just playing it safe, easily staying in the background until the smoke clears? That would be unlike him. Castro has had a penchant for lumbering loudly into any and all situations and dominating the show.

Has he been shoved aside by the Communists, who may feel he committed blunders which interfered with Soviet bloc efforts to organize the country and its economy in the image of a "people's democracy"? It is possible. There have been signs of Soviet annoyance with him.

**REPORTED FISHING**

Is Castro still among the living? He was reported to have been fishing in the Bay of Cochinos area when the first anti-Castro guerrillas hit the beach over the weekend, and may have been in the area of fragmentation bombing.

Castro's name was signed to the proclamation of victory over the rebels. The army command signed the major communique Wednesday, a departure from a custom in which Castro announced everything.

Whatever the answer to the questions, it seems likely that something has happened to change the status of Castro. And something has happened, too, to the status of the regime because of the strike against it by people on the outside who want passionately to return in peace to their homeland.

The regime has no guarantee that there will not be new and greater infiltrations, swelling the small guerrilla resistance now in Cuba to a force which really can threaten to topple the Communist-dominated government in Havana.

# MARRIED MEN IDENTIFIED BY MANY ACTIONS

By HAL BOYLE  
NEW YORK (AP)—You can bet a man is probably married if—

His wallet bulges with family photos instead of money.

He breaks into hollow laughter whenever someone asks, "Anybody here got change for a \$5 bill?"

The same woman gives him lunch money every day. Or, if the briefcase he carries to work in the morning contains a sandwich and a piece of cake.

He has a guilty look if a pretty blonde stops him on the sidewalk to ask a direction.

**SHOPPING SPREE**

In a supermarket he puts into his shopping cart a package of detergent, six cans of dog food, 12 boxes of breakfast cereals and a packet of bird seed.

Every year or so he goes around with a haunted expression asking, "Do you know anyone who would like to give a nice home to anywhere from one to six kittens that don't even have their eyes open yet?"

He gets periodical phone calls at the office in which his only part of the conversation consists

of "Yes," "Uh huh," "Well, if you say so," and "Okay, dear."

Buying a new lawn mower interests him more than spending a day at a racetrack.

**WEARS RUBBERS**

He laughs loudest whenever anyone tells a mother-in-law joke.

On rainy days he always wears rubbers or carries an umbrella; in winter he is always bundled up—as if by someone who didn't want to lose him.

He never gets a letter that smells of perfume, and if he did it would scare him half to death.

He can rarely discuss a new first run movie being shown at a downtown theater, but he is an authority on all the old films that inhabit television.

**SHINES OWN SHOES**

He always asks to have his vacations when school is out.

Pausing before the window of a travel agency, he looks yearningly at the posters of the places farthest from where he lives — preferably those showing life in Tahiti.

He shines his own shoes and, as often as not, they look like they need a shine.

The personal drawer in his office desk contains aspirin, a bottle of soda mint tablets, some unpaid bills.

He never opens his check on payday. He simply puts it in his mouth and heads for home.

By these signs you can tell him—the happy married man, backbone of civilization.

# Kennedy Says His Tax Plan Will Create 500,000 Jobs

By FRANK CORMIER  
WASHINGTON (AP)—President Kennedy has sent Congress a tax plan which he said would help modernize American business and create 500,000 jobs. He said a possible general tax cut should wait until next year.

The President said his proposals would attack "expense account living," discourage tax cheating and reduce the worrisome flow of U.S. dollars abroad without cutting into federal revenues.

In a 6,300-word special message, Kennedy described his program as "a first though urgent step" toward broad tax reform in 1962 — reform which he said could combine elimination of loopholes and discriminatory provisions with a lowering of basic tax rates.

**SPECIAL TAX INCENTIVE**

These were among the most notable items in the first-step package:

A special tax incentive for business to modernize and expand, withholding of taxes on dividends and interest, repeal of the special tax treatment given dividends, and discouragement of corporate investment in competing industrial countries.

Kennedy also proposed stricter

they would rather be allowed to increase their depreciation allowances; that is, the amount they can set aside, free from tax, to offset the inevitable aging of new or improved facilities which must eventually be replaced.

**NIXON FINDS NO SUPPORT FOR JFK PROGRAM**

WASHINGTON (AP) — Richard M. Nixon said Thursday he finds a great deal of popular support for President Kennedy as an individual. But he said he finds "very little interest in and virtually no support for his program."

The former vice president told a news conference he believes there is little support "for a program as far to the left as the Kennedy economic program."

Nixon, narrowly defeated by Kennedy for the presidency in last November's election, declined to grade the first 90 days of the new Democratic administration but said he would do so in a cross-country speaking tour starting next month.

**GIVE HIM 10 DAYS**  
With a smile, he said that Kennedy had said during the campaign that "he intended to do a great deal in the first 90 days. I think it's not quite fair to hold to 90 days. He ought to be given 10 more days."

Questioned about Kennedy's handling of the crisis in Cuba, Nixon said he had discussed the situation with Republican congressional leaders this morning but was not in a position to say more than that it obviously was a very grave crisis.

"Nothing is more irresponsible than for someone outside the government to pop off on an international crisis," he said. "Consequently, I haven't any criticism to make and won't have unless I have some constructive proposal to make to solve the crisis."

**Ask Compensation For Embassy Loss**

MOSCOW (AP) — The United States has protested against the riots in front of its embassy Tuesday and demanded compensation for the damage.

The charge d'affaires, Edward L. Freers, told the Soviet deputy chief of protocol the United States wanted to draw the attention of the Foreign Ministry "to the failure of the Soviet authorities to ensure that the embassy had the ability to carry on its normal activity and to prevent damage to embassy property and the property of embassy officials."

Freers said the United States expects the Soviet government to take steps to "ensure the conduct of normal business and compensate the embassy for the damage done."

Nixon, narrowly defeated by Kennedy for the presidency in last November's election, declined to grade the first 90 days of the new Democratic administration but said he would do so in a cross-country speaking tour starting next month.

**SAYS SCHOOLS COULD PERISH**

## Post-Easter Season Is One Of Pure Joy

By REV. L. H. ROLLER  
Pastor, St. Paul's Lutheran Church, Littlestown

### THE GOOD SHEPHERD

The whole post-Easter season is one of pure joy. Every week's round will contribute its own unique note to the full chord of joy. But a holier note is in the joy during the week we emphasize the Good Shepherd's return. When we think of Christ as the Good Shepherd we also think of the best loved and best known psalm of the Bible, the twenty-third. Each one of us says it differently even though we all use the same words.

To the folks who know sheep, the intimate knowledge of the relation of shepherd to sheep show the poem was written by a shepherd. Sheep have no defense against an enemy. They have neither teeth, claws nor strength to fight. Without the shepherd their lives are filled with terror. And unlike other cattle they must eat almost all their waking hours in order to live. So, unless their food is in sight, they cannot lie down in peace to rest. Then, too, a swift stream will fence them in, for only quiet waters give them assurance to drink.

"RESTORETH MY SOUL"

in green pastures, He leadeth me beside the still waters, the assurance of food and drink.

Here David leaves the cared for sheep and goes into something that to you and me is more vital. "He restoreth my soul." Have you ever defined to yourself just what your soul is? It is the thing in you that makes you you. There may be another body exactly like yours somewhere in the world but it is not you, for you do not live in it. You live in a body given or loaned to you for the time that God wants you to live on earth.

When you are through with it you go on into "a spiritual body" that we cannot define. We sow the grain; it dies and comes to life again in a form that is unlike the grain we sowed; "God giveth it a body, as it hath pleased him." The souls that live will have fitting organs of expression.

Just as there is physical health there is mental and spiritual health, all ruled by God's laws and trouble comes when we break those laws. In the United States today mental and spiritual breakdowns number more victims

than tuberculosis, polio and heart disease put together. For our souls run down like a spring and need rewinding and restoring.

**GREEN PASTURES**  
So let us go back to the green pastures and quiet waters and let us go alone.

The busy mother, the worried wage earner, the youth facing difficult studies, how can we go alone to make that peace come real? Our soul need restoring—need to feel the Shepherd's all powerful care. Well, if we can't go to a place where we can really sit down by

a quiet lake, let's just close our eyes and mentally go there. Let us just see for ourselves the peace and abundance that God's care gives and then thank God for the health that we have. Let's stop talking to Him and to each other about the health and wealth that we don't have and you and I will find ourselves healthier and wealthier.

How can anyone face real trouble unless he has the assurance that the Lord Jesus is his Shepherd and that God is love. Of course He leadeth us in the

right path for His name's sake. So no matter what happens you and I will fear no evil for His rod and staff comforteth.

Then, is it overboastful to say that in the sight of those who wish evil to befall us he prepares a table and anoints our heads with oil?

Oh, in sheer ecstasy we cry, "Our cup of happiness runneth over." And we know that goodness and mercy shall follow us all the days of our lives and I... I shall dwell in the House of the Lord forever! Amen.

# IT'S FOR YOU

When someone says, "It's for you," our minds begin to buzz with questions. Who is it? What do they want? Good News? Bad News? Work? Pleasure?

*It's for you!* Commanding words that summon our immediate attention. And those words apply as well to the Church as they do to a telephone call.

The Church is for you! Its services of worship, its program of religious education, its comforting ministrations in time of spiritual crisis... all for you!

And the Church has a vital message—good news for a discouraged world. It has a glorious work before it—a happy fellowship for men, women, and children of noble purpose.

The Church deserves your support. *It's for you!*

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## JFK Policy On Information Is Criticized By Editors

By ELTON C. FAY

WASHINGTON (AP)—It's taking about 460 men and \$1.6 million to handle the Pentagon's public relations this year.

A lot of money in everyday terms, although the outlay has been diminishing slowly for several years.

Whether the flow of information from the Pentagon has also diminished is a matter that is being debated.

The Freedom of Information Committee of the American Society of Newspaper Editors (ASNE) has submitted a critical report and aimed mostly at the State and Defense departments.

Involved is the Kennedy administration's freedom of information policies. Newsmen also had complained of restrictive policies under the administration of Dwight D. Eisenhower.

### FACTS IN PROMISE

The newspapers editors' committee contended Tuesday that Kennedy was on record "as be-

lieving in freedom of information and in his duty to see that the people are informed."

But, the report said, "neither he nor his administration has lived up to his promises."

The White House, in a letter from news secretary Pierre Salinger, said the committee's statement was inaccurate.

The President, he said, expects only information bearing on national security to be withheld "and would welcome reports of any violations of that policy."

Much of the information bearing on national security, of course, develops in the Pentagon.

### BUDGET DIMINISHES

The Pentagon public relations budget has been diminishing slowly for several years—chiefly as the result of ceilings put on expenditures by Congress. The pending budget for next fiscal year will trim the figure a little more.

The \$1.6 million being spent during the fiscal year ending next June 30 isn't all the military

## Clark, Stevens Get Honorary Degree

SELINGROVE, Pa. (AP)—Sen.

Joseph S. Clark, D-Pa., was among four persons listed Thursday as nominees for honorary degrees at Susquehanna University.

University President Gustave W. Weber said the degree would be awarded at Susquehanna's 103rd commencement program May 28. Ninety seniors are candidates for bachelor's degrees.

Others to be awarded honorary degrees: Dr. S. K. Stevens of Harrisburg, executive director of the Pennsylvania Historical Museum committee; the Rev. Bernard W. Krapf, business manager and assistant to the president at Susquehanna; and the Rev. Benjamin Lotz, associate professor of religion and philosophy here at the university.

spends for public relations. It covers the operations at headquarters in Washington. It does not include public relations operations carried on by the services outside Washington. This could bring the total "PR" bill near the \$2 million mark.

## NEW SHOWS TO SHARE SCREEN NEXT 7 DAYS

By CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP)—A variety of special programs will enliven the television screen during the next seven days.

Tonight, for example, there is CBS' "Million Dollar Incident," starring Jackie Gleason (8:30-10 Eastern Standard Time). It's a whimsical kidnapper who snatches Gleason for ransom.

Saturday there is another in the American Heritage series, "Gentleman's Decision," (NBC, 9:30-10 p.m.) which is built around Gen. Robert E. Lee's surrender.

### MUSICAL SCORE

Sunday's most promising entertainment feature is "The Happiest Day," a musical comedy occupying Dinah Shore's usual spot (NBC, 9-10 p.m.) and featuring Craig Stevens, Wally Cox, Janis Paige and Jack Carson.

"Concentration," NBC's daytime audience participation, will make another attempt to get on the evening air Monday (9:30-10)—its premiere was postponed this week to make room for a news program on Cuba.

Dean Martin will play host on another musical variety hour Tuesday night (NBC, 10-11) with guests Andy Griffith, Tony Martin and Tina Louise.

On Thursday night, CBS' weekly sports "Spectacular" moves into a new spot (7:30-8:30). In addition there is another edition of CBS' "Family Classics" (9-10), an adaptation of Charlotte Bronte's "Jane Eyre."

### PARISH WOMEN TO ENTERTAIN SCHOOL GRADS

The St. Aloysius Parish Council of Catholic Women made plans at their monthly meeting Wednesday evening in the parish hall for the annual covered dish and entertainment for the graduates of the parochial school and those from the parish who will graduate from Delone, Littlestown High and Rolling Acres, and their mothers.

This affair is held each year in connection with the May meeting and this year will take place on Wednesday, May 17, at 6:30 p.m. Invitations will be sent by the committee, which includes Mrs. Ivan Rickrode, Mrs. Thomas L. Cookson Sr., Mrs. George B. Sneringer, Mrs. Carroll Oaster, Mrs. Katherine Cochran, Mrs. Robert J. Eckenrode, Mrs. Stewart N. Long, Mrs. Robert Long, Mrs. Thomas Collins, Mrs. John Jacobs, Mrs. John Maitland, Mrs. William May, Mrs. Marvin Morgret, Mrs. Bernard G. Kebil and Nancy Oaster.

The meeting on Wednesday was in charge of the president, Miss A. Marie Budde, and opened with prayer by the pastor, Rev. Dr. John E. Metz. Mrs. Francis Prato was acting secretary. Mrs. John L. Redding, vice president, read the national president's message, which invited the members to attend the institute at Georgetown and suggested that, instead of flower remembrances at the national convention, the money be used as a contribution to the Madonna plan for needy mothers and children.

#### GOING TO CONVENTION

Diocesan convention plans were discussed in the letter from Anna Rehm, diocesan president. The convention will be held Monday in Lancaster. Mrs. Z. W. Sanders, newly-elected president, and Mrs. Bernard M. Selby will be delegates. Others who will attend all or part of the day's sessions will be the pastor, Father Metz, Miss Budde, Mrs. Noah C. Snyder, Miss Anna C. Weaver, Mrs. Evan Rickrode, Mrs. Lloyd F. Weaver, Mrs. Harry W. Staveley Sr., Mrs. Thomas G. French,

Mrs. Carroll Oaster, Mrs. John L. Redding and Sally Metz. An incomplete financial report on the recently sponsored card party was given by Mrs. Bowser. Mrs. Bernard Selby and Mrs. George Smith served as co-chairmen of the general committee and Mrs. John L. Redding was in charge of the prizes. This project, as well as the luncheon served in the parish hall for the Keystone Cabinet Company, was financially successful.

Two other projects were discussed at the meeting. The annual spring food sale will be held on Friday, April 28, at the fire engine house beginning at 2 p.m. Mrs. Bernard G. Kebil is general chairman for the food sale. Each woman in the parish will be contacted for a donation. Baked items, cakes, pies, candies, sandwiches, cookies, soups, etc., will be available. Donations should be at the engine house prior to 2 p.m.

#### TO INSTALL IN MAY

The council also voted to conduct a refreshment stand at the Isaac Keefer public sale on Saturday, May 20. The committee in charge will include Mrs. R. G. Lain, Mrs. Lloyd F. Weaver, Mrs. John L. Redding, Mrs. C. Donald Bowser, Mrs. B. M. Jones, Mrs. Urban Beford and Miss Budde.

Members who did not take their infants' garment along to the meeting are asked to give it to either Mrs. Sanders or Mrs. Selby by Sunday. Father Metz spoke briefly to the women, commending them on their card party efforts. He noted that a stone had been placed at the grave of the late Rev. William A. Boyle, former pastor, who is buried in the church cemetery. It was decided that flowers will be placed on the priests' graves in the cemetery for Memorial Day, this year and every year, by the council.

The guess package, contributed by Mrs. P. K. Hymiller, was received by Mrs. Thomas Stavelly. Group games were enjoyed and refreshments served by Mrs. R. G. Lain, Mrs. B. M. Jones, Mrs. Lloyd F. Weaver, Mrs. Donald L. Beford, Mrs. Urban Beford, Mrs. Joseph H. Redding, Mrs. Paul R. Snyder, Mrs. Albert Carbaugh, Mrs. John Todt and Miss Helen Dillman. CLEAN AND  
BEAUTIFUL

A FLAMELESS ELECTRIC RANGE  
makes your kitchen more pleasant...

If you're fussy about the appearance of your kitchen —this is the choice for you. And there's a reason for it. No flame—no soot—no film of dirt on walls, ceilings or curtains. Your kitchen stays bright and new-looking when you cook this clean, modern way. Even the air is fresher and more pleasant—no fuel odor.

And that's just the beginning. An electric range itself is easy to clean. Spills burn off surface units. The broiler pan slips out for easy cleaning. A damp cloth keeps the surface shining. And cooking utensils need less scrubbing and scouring because they're never blackened with soot.

If you like clean cooking—along with many other advantages—better see the new flameless electric ranges. Your dealer can offer some very attractive buys right now. Stop in to see him soon.

# SAYS BIBLE IS LIBRARY OF 66 BOOKS IN ONE

NEW ENGLISH BIBLE  
By Rev. R. A. MacAskill

It is fitting that during National Library Week special attention should be given to the Book of Books, the Bible. It is in reality a library of 66 books contained in a single volume and presented to man as the Word of God, ever timely and yet timeless. Jesus said: "Heaven and earth shall pass away, but my words shall not pass away" (Matt. 24:35). Such a book makes known to us that God is the world's Creator, and that every living thing and person is given life from God. But this is not the most important thing God is seeking to make known to us through Scripture. He seeks to make known to each of us personally — who He is and what He requires of us. But He does not want us merely to know about Him. He seeks to make himself known to each of us as we are able to know a father, a friend. Without the Bible we should never have known that God's love can make us over and give us a new and different kind of life if we will respond to His love, strive to do His will, and accept His invitation to belong to the family of God.

## "BREAD OF LIFE"

Any volume which contains such vital and basic knowledge and wisdom is indispensable for man's existence. It is indeed "the Bread of Life." Therefore, any new version or translation is of utmost interest and concern. Often people will ask me: "Which version do you prefer?" I answer by saying: "I can find value in all versions and translations." The King James version is known for its majestic style and expres-

sion. The Revised Standard Version met effectively the widely felt need for a translation in present day English. So prominent church groups in Great Britain saw the need of a new translation in the English of this day.

For example one can refer to the Beatitudes in Matthew 5 and note a comparison. In the King James version we read: "Blessed are they which do hunger and thirst after righteousness: for they shall be filled." In the Revised Standard Version it reads: "Blessed are those who hunger and thirst for righteousness, for they shall be satisfied." And in the New English Version the verse reads: "How blest are those who hunger and thirst to see right prevail; they shall be satisfied."

## NEWEST IS OLDEST

Actually the newest version of translation is always the oldest. For any version to be authentic and acceptable, it must build upon foundations that have been laid on the test of faithful scholarship. It is good to know that the Word of God can be translated into present day language and expression and thus make it intelligible and understandable to present day readers. The important thing is to reach the people with the Word of God without sacrificing the meaning and power inherent in its message. I feel that this New Testament, which is the first part of what is to be the New English Bible, is indeed a major contribution representing 13 years of patient scholarship and research. The aim of the translators was to grasp and convey the spirit of the original. This they have done by going back to the best Greek texts and weighing the findings of modern textual critics and profiting from the latest discoveries and archeological findings.

The endorsement of such a biblical scholar as Dr. John Knox, Baldwin professor of sacred literature, Union Theological Seminary, New York City, is most helpful. He says: "I am greatly

# INSTALL PTA OFFICERS IN CONEWAGO

Mrs. Anthony awarded certificates to the following members of the safety patrol: Kenneth Becker, Margaret Bennett, Alvin Bohrer, Berton Brooks, John Donnelly, Gary Flickinger, Donna Kern, Janice Little, Andrew Pappoutsis, David Reindollar, Antonia Williams, Dawn Horner, Jane Kopp, Bonita Markle, Sharon Fuhrman, Carol Krichen, James Quinn, Beverly Utz, James Dresher, Edward Gobrecht, Carroll Kern, Daniel Little, Michael McCarthy, Esther Garrett, Wayne Haifley, Mary Harpster, Kenneth Hartlaub, Michael Hemler, Donna Pottorff, Jeanne Wentz, Linda Wolff, Gloria Howe and Robert Markle, and to the safety guides, Debra Stahl, Paula Purrington, Charles Steich, Barry Arthur, Ronald Simpson, Beverly Frock, Cheryl Deaner, Joyce Buie and Ray Bange.

## PRESENT TAPE RECORDER

Lloyd Deamer, president of the Adams County Council, presented a tape recorder to the school principal, Arthur J. Wolfe, from the PTA.

The summarization of the PTA this year was discussed briefly by the executive committee and committee chairman as follows: Program, Mr. Purrington; membership, Mrs. Paul Lawyer; ways and means, Paul Stauffer; historian, Mrs. Edward Gobrecht, and the president's message, Mrs. Anthony.

Deamer announced that the Adams County Council dinner and school of instruction will be held Friday evening at the Bendersville Elementary School, and the Central District spring conference will be held Saturday, April 29, in the Keefeauw Elementary School, Gettysburg.

## WINS BANNER

Devotions were led by Mrs. Sarah Kilheffer and Mrs. Miriam taken with this new translation. What may surprise the reader, and will certainly delight him, is its remarkable beauty and beauty and strength. This translation has simplicity, and power, and a characteristic fresh, and most engaging flavor.

## READ TRANSLATIONS

To further understand the Word of God it is a good practice to read the various translations and have them in your possession. For through such reading you will be enlightened, enriched, and inspired. The real test of the New English Bible will be decided by the people for whom it is prepared. It eliminates barriers of archaic words and expressions and makes the Bible lively and timely. This new work demonstrates what dedicated men can do in giving us a new insight and illumination concerning the Word of God. This treasury is open and available for your discovery and use!

# 100 Years Ago This Week...in THE CIVIL WAR

(Events exactly 100 years ago this week that led to the Civil War—told in the language and style of today.)

## SCORCHED EARTH

### Norfolk, Harper's Ferry Installations Destroyed

NORFOLK, Va., April 20—The U. S. Navy Yard here—a \$30,000,000 facility—was virtually destroyed today by Union forces fearing seizure by Confederate troops.

It was the second military catastrophe for the North in two days. Barely 48 hours ago, the Federal arsenal at Harper's Ferry, Va., scene of John Brown's abortive anti-slavery raid, was abandoned by the Union.

The 45-member garrison there fired the arsenal, severely damaged several smaller buildings and made kindling wood of some 20,000 rifles and sidearms.

APPARENTLY all 45 escaped—some by swimming. Harper's Ferry, a picturesque hamlet despite its bloody history, is near the confluence of the Potomac and Shenandoah rivers.

The arsenal commander, Lt. Roger Jones, inflicted massive damage to his installation in the face of fierce efforts by pro-Southern workers to save it.

Alerted to the approach of Rebels from nearby Charlestown—scene of John Brown's hanging—Jones spread gunpowder on the floors of the buildings and told his men to be ready to touch it off.

Some of the powder was dampened by the anti-Union workers.

But as the entrained attackers reached Harlestown, four miles away, with intentions of running their guns to Bolivar Heights where they could shell the Federal buildings, an awesome light spread over the pre-dawn sky.

The arsenal had been destroyed.

METAL parts of the burned small arms are being collected by the Rebels for shipment to Richmond, Va., and repair.

Harper's Ferry became a household word Oct. 17, 1858, when Brown, a rabid abolitionist, led a party of 22 in an anti-slavery "invasion," capturing Federal property and imprisoning private citizens.

Federal units broke up the short-lived rebellion, killing eight of Brown's band outright, mortally wounding Brown's two sons, Watson and Oliver, and wounding Brown himself.

Brown and six others were hanged at Charlestown the following Dec. 2. Others were executed later.

## Federal Unit Casualties a Shock

WASHINGTON, D. C., April 19—The 6th Massachusetts Regiment arrived here today—and the Capital realized with a sting that the nation was at war.

The unit brought with it 17 wounded on stretchers, victims of mob violence in Baltimore, Md., earlier in the day.

Four of the 6th's soldiers were killed in the rioting which broke out as the regiment was marching between train stations. Their bodies were packed in ice for shipment home. At least 12 of the anti-Union mob members were reported killed in the clash.

## Col. Lee Resigns From Union Army

WASHINGTON, D. C., April 20—Col. Robert E. Lee, U. S. Army, resigned here today and left immediately for Richmond, Va., to take command of the Confederate Army of Virginia.

Col. Lee earlier in the week had been offered the post being vacated by Gen. Winfield Scott, Union Army chief, who is retiring at the age of 75.

After resigning, Lee, who arrived here recently from duty in Texas, moved out of his stately home in Arlington Heights, overlooking Washington, and left immediately for Richmond.

## See Larger Farms In County's Future; List 6 Long Range Agricultural Goals

"The future of Adams County agriculture points to larger farms and larger operations in general. Small farms have been going out of business and present trends show that this condition will exist," the executive committee of the Adams County Agriculture Extension Association was told at a meeting Monday evening by the Agriculture Business and Management Committee.

It pointed out six long range objectives for Adams County agriculture. They included: to learn and adopt sound, progressive business principles; to attain the best advised selection and combination of enterprises with respect to agriculture and economic conditions; to raise the level of living of farmers to compare more favorably with nonagricultural enterprises; to improve the efficiency of farm production in order to successfully compete with other growing areas; to provide a continuing opportunity for agriculture in Adams County, and to maintain and improve agriculture as a means of contributing to the stability and welfare of the county.

The committee pointed out many problems that now exist in the county and could be corrected. Among these were: specific items of farm machinery not being used to their maximum advantage; growers having little purchasing power with respect to all supplies; the net income to agriculture being too small for the amount of capital invested per man; the risks involved and the amount of time spent in production; difficulty in finding and maintaining satisfactory seasonal labor at a fair price; the skilled laborer having better opportunities in the future in agriculture; lack of efficient labor utilization; many farmers not being familiar with the sources of available credit; nonfarm uses of productive

The agriculture business and management committee of the Adams County Extension Association submitted a long-range report to the executive committee at a meeting Monday evening in the West St. Bank. Those on the committee include, front row, left to right: Bernard Klunk, New Oxford; Chairman Paul Lerew, York Springs; Melvin Worley, York Springs; back row, John Peters Jr., Gardners; Calvin Bream, Gettysburg; Francis Weikert, Gettysburg; and Horace Waybright, Gettysburg. Absent when the picture was taken were Oscar Rice, Biglerville; Kenneth Tyson, Gardners, and Donald White, Gettysburg.

farm land presenting problems to orderly land use development and adjustment; the urgent need for farmers to utilize better land management practices on existing farmland; inadequate records being kept by most farmers to be effective in overall farm planning; lending institutions with insufficient knowledge of the managerial ability of borrowers; and the excessive time lag between changing consumer demands and resulting production adjustments to meet these changing market requirements.

**MORE RECOMMENDATIONS**  
After studying these problems, the 12-man committee came up with these recommendations: the Agriculture Extension Service and others should assist more farmers in acquiring technical knowledge of planning their farm business

in relation to finance and credit with probable income, farm records, changing market requirements and an expanding program of information concerning insurance, tax reporting, investments and partnership agreements; proper understanding and application of all agricultural assets are needed, including land, labor, capital, equipment and buildings; more farmers should be encouraged to pool their supply needs in order to obtain more favorable prices and help to stabilize production costs; Penn State University should conduct research and economic studies of farm machinery ownership and determine the feasibility of machinery rental; sound farm planning and adjustment to the efficient use of improved production practices; more information and instruction on farm labor management; a thorough exploration of the agricultural zoning issues; more facts and a better understanding of integration and how it affects the farmer's operation; and appropriate ways and means to improve the bargaining position of agriculture.

It was noted that changes in Adams County agriculture differ from the state-wide changes only in magnitude and the speed in which they are occurring. Social and economic forces change the farm business although it remains the most important contributor to the economic stability and health of the county, the committee reported.

Its report said Adams County has 2,055 farms, valued at an average of \$23,594 per farm, and with total cash receipts exceeding \$20,000,000 on 236,931 acres. Slightly in excess of 70 per cent of Adams County land is in farms. For Pennsylvania, this percentage is 41.2. Of the 67 Pennsylvania counties, Adams County ranks 43th in land area; 19th in number of farms; 7th in total cash receipts and 16th in average value of land and buildings.

**\$20 MILLION BUSINESS**  
They said that the number of farms in the county the last 10 years declined 23 per cent. The decrease was due, the report said, to the social and economic factors, plus the definition of a "farm" in the last census. During the past decade, the average acreage per farm in the county increased from 94.8 to 115.3, a 21 per cent increase.

Commercial farms accounted for 63 per cent of the farms in 1960, although 545 of those went out of business in 10 years. Part-time farms increased from 348 to 560 and presently account for 27 per cent of the total. The total value of farm products

has increased from \$12.5 million in 1948 to \$20.3 million in 1958. Farm income in the county is not dependent upon a single enterprise, they said.

### FIRST IN FRUIT

The Pennsylvania Crop Reporting Service also reported that Adams County is first in cash receipts from fruit; fifth in livestock and livestock products sold; sixth in cash receipts from all crops; seventh in poultry and poultry products sold and 26th in dairy and dairy products sold. The latest report available showed that poultry is valued at \$4.9 million; livestock, \$4.8 million; fruit, \$4.5 million; dairy, \$3.5 million, and others, \$2.6 million. The fruit value made the biggest gain in a 10-year period, from \$2.4 million to \$4.5 million.

The average value of land and buildings per farm has increased substantially, the report said. Increased pressures for more space has been the deciding factor. "Not only do we find nonagricultural pressures bidding up the price of land and real estate, but farmers too are contributing to this trend as seen by larger acreage requirements," the committee reported. While the average acreage per farm has increased the past five years, over 10,000 acres of farm land went out of production.

### NEED GREATER VOLUME

"Little can be done to reduce cash expenditures, which means a greater volume is necessary to provide an adequate net income. On farms where gross cash income is going to remain low, it will not be economically possible to keep a full line of equipment, to install labor-saving equipment, or remodel or build new farms," the report stated.

They said that farm records are not kept, but farmers are beginning to realize the necessity of them in view of the narrow margin of profit. Many farmers are investing more capital than the farm will support, and when this happens, they said, it usually indicates a lack of volume in the business or overinvestment. "In some cases, additional capital is needed to properly compete and stay in business."

The report said that farm loans are generally available from private individuals, banks, national associations and the trend of rapidly increasing capital requirements in agriculture has increased the size of loan necessary for adequate financing for the modern farming business.

### FEWER EMPLOYED

In Adams County, the committee said, total farm employment has reduced sharply due to the number of farms and workers per farm. Adams County farmers spent \$2,700,000 for hired labor in 1954 and \$3,300,000 in 1959. The estimated number of agricultural migrants in the county during the 1960 harvest season was 535 southern migrants, and 295 Puerto Ricans, or 12 per cent of the estimated total of the state.

"Farming in Adams County is big business and producers are in competition with neighboring farmers and other types of business. Like businessmen, not all

producers have the managerial ability to adjust their operation and survive the current cost-price squeeze. He must know what to produce, how to organize all operations, and how to put these ideas together and operate as a unit. As scientific knowledge increases more rapidly, farmers will find adjustment problems will demand even greater attention."

Members serving on the committee were Paul Lerew, chairman of York Springs; Francis Weikert, Carl Prosser, Calvin Bream, Horace Waybright and Donald White, all of Gettysburg; Oscar Rice, John Peters Jr. and Kenneth Tyson, Gardners; Melvin Worley, York Springs, and Bernard Klunk, New Oxford. Wesley Kriebel, program consultant, and Duane G. Duncan, assistant Adams County agent, served in an advisory capacity.

To be eligible for all-star games and special awards, players in the American Hockey League must participate in at least 60 per cent of their team's league games.

# Congress Moves Four More Of President's Measures

By JOE HALL  
WASHINGTON (AP) — Congress finally has swung into high gear on several of President Kennedy's economic and welfare measures. The Senate and House took important action on four major bills Thursday.

Two of the measures may reach the President's desk next week. So far the legislators have sent to him only 4 of the 16 items on the must list he submitted in February, a month after taking office. But this record will be improved soon if Kennedy can chalk up many days like Thursday.

These were the four actions: The Senate passed 65 to 28 the minimum wage bill in almost the exact form asked by the President.

The House passed 389 to 14 an administration measure increasing a variety of Social Security benefits.

**DEPRESSED AREA BILL**  
Senate-House conferees agreed on Kennedy's \$394 million depressed areas bill, and then the Senate quickly passed by voice vote the compromise version.

The Senate passed by voice vote a bill to make available nearly \$300 million in federal funds for needy children of unemployed parents.

Sponsors of the depressed areas bill are hopeful that it can clear the House and be sent to the President.

**White House by next Wednesday.**  
A hard tussle is likely there, though, because the conferees dropped a key House financing provision and took the Senate language making loan funds in the measure available directly through Treasury advances.

**MINIMUM WAGE**  
Kennedy's minimum wage bill would raise the present \$1 an hour floor to \$1.25 by 1963 and bring an additional 4 million workers—mostly in large retail stores—under the act.

The House is expected to send it to conference Monday and to name a majority of conferees friendly to the Senate bill. However, it may be difficult to get the compromise through the House, which originally passed a much less comprehensive bill than the Senate.

The bill setting up a program of temporary benefits to needy children with unemployed parents does not appear to be controversial, and also may go to the White House next week.

**SOCIAL SECURITY**  
The Social Security bill passed Thursday by the House has wide Senate support and seems certain to win eventual approval there.

But Sen. Harry F. Byrd, D-Va., the Finance Committee chairman, said his group might not take it

Mrs. Treva Zimmerman is chairman of the supper to be served from 5 to 6 p.m.

Mrs. Betty Naylor, chairman of the decorating committee, announced that nursery facilities will be available.

**Forty Hours Devotion** will begin in St. Joseph's Catholic Church on Sunday morning at the 10 o'clock Solemn High Mass. There will be a procession, litany and adoration of the Blessed Sacrament. Mr. and Mrs. William Stull and family, Bedford, visited Sunday with Mr. and Mrs. Robert Chapman, brother-in-law and sister of Mrs. Stull, and family.

Approximately \$50 was cleared from the food sale sponsored by Primary Class of Methodist Sunday School last Friday at Orrtanna Church Hall. The teacher is Mrs. Ruth Donaldson.

Another item on the 16 points, a federal judgeship bill, was sent to conference by the Senate Thursday after clearing the House Wednesday.

The Senate voted for 73 new judges, the House 70. The differences are expected to be settled quickly.

This measure would let men retire at 62 under Social Security, increase widows' benefits, make about 160,000 additional persons eligible for payments, and raise the minimum benefit from \$33 to \$40 a month. It would be financed by a 1/4 of 1 per cent tax increase on employer and employee effective Jan. 1.

HOUSE PASSES AMENDED BILL ON RADAR USE

HARRISBURG (AP) — One legislative hurdle remains for the administration's radar bill, which struggled through the Senate and then squeaked through the House in an amended form.

The House, where the bill was amended after a floor battle Thursday 196-79. Seventeen Republicans joined with 92 Democrats in voting for the proposal.

The only remaining legislative hurdle for the measure is Senate approval of the House changes.

**NO SESSION TODAY**

There were no legislative sessions today. The House adjourned Thursday until Monday. The Senate, which also returns Monday, adjourned after Wednesday's session.

If the Senate approves, the bill can go to Gov. Lawrence's desk where it is almost certain to get quick approval.

But if the senators do not agree to the House changes, the measure will be forced into a conference committee to compromise the House and Senate versions. The committee's report then would have to be approved by both houses.

**4-HOUR FIGHT**

House approval climaxed a day of struggle for votes for the bill which took up about four hours of the 5 1/2-hour session.

A total of 17 representatives spoke on the bill. Eight were for it and nine were opposed.

The opponents said generally that radar is a fallible device and should not be trusted. Proponents replied that it was an important weapon for highway safety and would be handled only by trained state policemen.

Part of the debate centered around a House amendment to require a five-mile-per hour tolerance in all radar checks.

Taneytown

**MRS. FLORA LEISTER**

TANEYTOWN — Final plans have been completed for a spring benefit dance to be held Saturday evening, April 29, in St. Joseph's hall by the Jaycees. Music will be furnished by "The Debonaires," beginning at 9 p.m.

Chairman Robert Boone has announced the following committees: Tickets, John Reever and Crawford Banks; refreshments, Robert Bowers, Dean Nussbaum and Leonard Wantz Jr.; tables and decorations, Larry Little, Earl Lookingbill, George Fream and John Myers.

James Fair, chairman of the Red Cross drive in the Taneytown district, announced that all but a few of the nearly 30 workers have made their final reports. To date over \$700 has been contributed.

Those who were missed contributing may do so by calling the chairman or by leaving their contribution at either bank. It is feared that the swimming program or some other services may be in all radar checks.

Rep. William Piper, R-Bucks, who voted for the bill, said this might be a serious loophole.

**EFFECTIVE SEPT. 1**

The Senate rejected a similar amendment last month before it passed the radar bill with a one-vote margin.

Besides the five-miles tolerance, the Senate also has to act on an amendment providing that suspensions for violations must run concurrently.

This, sponsors said, was aimed at interstate violations where a Pennsylvania motorist is suspended in this state for a violation in another state. Sometimes, they said, the Pennsylvania suspension comes after the suspension period in the other state has expired.

If approved by the Senate, the use of radar to convict highway speeders would become legal Sept. 1.

**Buying a USED CAR?**

Timely Tips That Can Help Protect Your Investment!

1. Choose your dealer carefully.
2. Buy only from a well established reputable dealer.
3. Buy only from a dealer who maintains his own adequate facilities to service the car you buy.
4. Insist on a WARRANTY in writing that can be "backed-up."
5. BUYING from a NEW CAR DEALER IS YOUR BEST BET. . . Most new car dealers sell locally owned trade-ins, not Used Cars obtained from Auto Auctions or distress merchandise from large cities.
6. Insist on knowing where the Used Car came from. "Ask who was the previous owner." Most new car dealers will be happy to tell you and invite you to contact the previous owner.
7. New Cars bought from Used Car Dealers . . . REMEMBER, only the New Car Dealer is authorized to extend a FACTORY WARRANTY to a buyer, NO ONE ELSE.
